PEPE FUN

PEPE FUN

The most memeable memecoin in existence. The Frogs have had their day, it's time for Pepe to take reign.

ABOUT

Once upon a time, a little frog named Pepe decided to spread joy and laughter beyond his pond. So, he created a cryptocurrency called Pepe Fun. As more and more people joined the community, the value of Pepe Fun grew, and Pepe's dream of spreading joy throughout the world became a reality. And whenever people thought of Pepe Fun, they couldn't help but smile and feel a little bit happier

Pepe Fun tired of watching everyone play hot potato with the endless derivative ShibaCumGMElonKishuTurboAssFlokiMoon Inu coins. The Inu's have had their day. It's time for the most recognizable meme in the world to take his reign as king of the memes.

Pepe is here to make memecoins great again. Launched stealth with no presale, zero taxes, LP burnt and contract renounced, $PEPE is a coin for the people, forever. Fueled by pure memetic power, let $PEPE show you the way.
